Died—At the residence of W. M. Gibbs, Esq., near Rockport, this county, June 18th, 1883, his daughter, Miss Tillie Gibbs. She was an amiable young lady and beloved by all her acquaintances and was a favorite in the community. She was just budding into womanhood, being 17 years, 2 months and 14 days old when she died. It seems the grave's a place so drear for one so young to go, but the good, the beautiful and true often die young. Peace to her memory.

A difficulty occurred at Horse Branch, this county, last Friday night, between John M. Arnold and his two sons, Alva and Joseph, on the one side, and Newton Frazier on the other side. While in Fordville last week, we were the guest of Mr. Milford Truman's family. He and his family have the genuine ring of that old fashioned, true, Kentucky hospitality which we are proud, is accorded to our fair State. Mrs. Truman is a matron of sterling qualities, and her soft gentle voice seemed to draw us to her heart after we had departed. Mr. Truman has two charming, social, and domestic daughters, Misses Margie and Eliza who are ornaments and acknowledged belles in the society in which they move. He has two sons still at home, and unmarried, but we think they would like to be as they are both ladies' men. Our visit to Mr. Truman's was a pleasant one and will be remembered in years to come, and we turned from his hospitable home feeling that our visit was all too short.

Before going to press we took a saunter around town to gather up what news we might find for the entertainment and profit of our reader, and as it was always the case soon found ourselves drifting into Anderson's Bazaar.

Approaching one of the little boy clerks we asked him if they had been receiving anything during the past week for the good of the people. "Well, now, yer can just bet yer boots we have! Just look here! Here are shoes that cost the poor man that made 'em two round silver dollars a pair, and we are selling them at one dollar and fifty cents. Just tell your subscribers to let the dollar and a half they owe for the Herald stand another year and buy a pair of these shoes before they are all gone. You see these are all we'll ever have as the manufacturer and all his hands starved to death making them, and here is a lot of clothing, just look at it! These goods are cheaper than your paper would be at ten cents a year, and ten times as honest. Why, do you know that whole Congressional districts down east are starting to death every week making goods for us. Its just awful, but our customers must have cheap goods if it costs rivers of blood and millions of money. If you haven't patent medicine advertisements enough to fill up your paper this week just put in what I have told you and charge it to the boss," and the young man skipped away to sell a man a linen suit of clothes for three dollars, that, upon our honor, would have been cheap at five dollars of any man's money, and the shoes above referred to at one dollar and a half we think are richly worth two dollars, while the price of clothing simply means ruin to somebody. We would certainly advise our readers to take advantage of present prices at Anderson's Bazaar.

Some unprincipled dealers, because they could see a few cents more profit, have been guilty of offering worthless substitutes for the only original and genuine Sulphur Soap—Glenn's by name. Therefore, the public should guard against this deception, and always ask for Glenn's Sulphur Soap, by its full name, and take no other. Read the following evidence from a highly respectable source: C. N. CRITTENTON, Esq. Dear Sir—I have traveled for three years for Messrs. Charles Scribner's Sons, publishers, New York, and desire to inform you that I have used your incomparable Glenn's Sulphur Soap exclusively for about four years; also have recommended it to very many persons; my constant experience has been that it possesses all the medicinal advantages that you claim for it. All to whom I have recommended it say as well as myself, that it deserves its established reputation as the best and most efficacious Sulphur Soap that can be used for all skin cleansing, as well as toilet purposes. Some unprincipled druggists have endeavored to substitute other kinds of Sulphur Soap for Glenn's—saying they were just as good, but having myself tried other kinds, I find NONE so good or so beneficial as the genuine Sulphur Soap, stamped "GLENN'S," this I have observed bears the name of C. N. Crittenton, Proprietor, on the packet.

Yours truly, C. T. Z. DURAND.

Mr. W. H. Williams has our thanks for a dish of the most choice raspberries we have seen. They were served with crushed ice and coated with sugar, and we enjoyed the delightful treat very much indeed, and shall long hold the donor in pleasant remembrance.

Thomas & Kimbley are constantly receiving new goods. They have a fine assortment of paints, oils, lamp-glasses, toilet soaps, etc. All of which they sell as low as the lowest. Call on them.

After this week we will deliver the papers to our town subscribers through the post office. We are compelled to do this in order to deliver them correctly. They will be ready to deliver immediately after early breakfast every Wednesday morning.

Frank Petty, Esq., was plowing a mule a few days since on the farm of Mr. B. P. Petty, near Barrett's Ferry. While driving near a bunch of weeds or sprouts, they stirred up a venomous rattlesnake, which bit the mule and came near biting Mr. Petty, who managed to escape and got a club and ended his snake's existence. The mule died in less than two days.

We this week give space to the speech of Hon. J. Proctor Knott, delivered here last Wednesday. By so doing, we have had to leave out several interesting communications and local items. We supposed news items would be scarce, but in the last two days enough has been received to make a full paper size of HERALD.

Sutton Letter.

Rev. Mr. Brown filled Rev. A. B. Smith's appointment at Cool Springs last third Sunday though quite a young preacher, he has many friends here.

Last Sunday some of the members of Cool Springs church made a move to organize a Sabbath School at that place, but the enterprise met with opposition and the result that day was failure. We look to the future as an improvement on the past, therefore we should have a good Sabbath School and well attended.

The school at Bull Run in charge of Miss Mattie Turner, closed last Friday. I learn she has taught another very excellent school, this being her fourth or fifth term.

Messrs. Fulkerson and Hunter's picnic near Louis Creek bridge, two miles from McHenry, was a success. The young gentlemen spared no pains to make every person happy. The arrangement on the occasion was perfect, and they deserve great credit. As I have failed, I hope "Daisy" will do justice to the occasion.

On last Sunday night three young men thought they would have some fun, and putting on false faces, they went to Mr. —'s house and asked for lodging for the night. Mr. — said he did not take in tramps; but one of the gentlemen said he would stay, and started to the door, but Mr. — made at him with a club and they lit out.

Miss Nannie King, of Paradise, will teach our school at Green Brier; she comes well recommended.

Mr. G. W. Quinn, of Morgantown, spent a few days with us last week.

Mrs. G. W. Gordon is in very bad health.

Miss Mattie Chapman and D. C. Hunley spent Saturday and Sunday visiting friends and relatives in Logan county. I predict a wedding.

John B. Wilson will probably teach school on Green River this fall.

J. A. House is very sick at this writing.

Robert Adkins, of Butler county, is visiting his father at this place.

One of our neighbors was very much alarmed one morning last week, when he found a large snake in the bed with him. He says he got out of bed quicker than ever before.

Calvin Turner, Esq., has out the largest crop of tobacco in this vicinity, but G. B. Hocker, near Hartford, beats him one acre.

S. H. House, while working in the harvest field last week, took quite sick in the evening, started for the house and when he reached there he was unconscious. He is no better at this writing.

Hurrah for the HERALD, Hon. J. Proctor Knott and Democracy.

ABILITY.

The Red Mark.

For convenience and cheapness we adopted a system of marking a paragraph on the front page of the paper to notify those whose time had expired so that they could renew or discontinue, as suited them. To write each subscriber a letter and advise him of the fact would cost us about sixty dollars a year, and to write a postal card would cost at least twenty dollars a year, while the marked paragraph costs nothing. We have for a few issues back been marking all the papers going to subscribers whose time paid for had expired, because not long ago one of them got mad because his time was out and we had not notified him, as he had intended to stop when his time was up. Also because another got mad because we stopped his paper when the time was out without notifying him. Now we have a third mad man because we did mark his paper, although his time had been out just six months. Well, we cannot please every body, so we will just go along, and from this on notify each subscriber when his time is out, then he can advise us if he wishes to continue or discontinue. Look out for the red mark.

Remember This.

If you are sick Hop Bitters will surely aid Nature in making you well when all else fails.

If you are constive or dyspeptic, or are suffering from any other of the numerous diseases of the stomach or bowels, it is your own fault if you remain ill, for Hop Bitters are a sovereign remedy in all such complaints.

If you are wasting away with any form of Kidney Disease, stop tempting Death this moment, and turn for a cure to Hop Bitters.

If you are sick with that terrible sickness, Nervousness, you will find a "Balm in Gilead" in the use of Hop Bitters.

If you are a frequenter or a resident of a malarious district, barricade your system against the scourge of all countries—malaria, epidemic, bilious and intermittent fevers—by the use of Hop Bitters.

If you have a rough, pimply or scaly skin, bad breath, pains and aches, and feel miserable generally, Hop Bitters will give you fair skin, rich blood and sweetest breath, health and comfort.

In short, they cure all diseases of the stomach, bowels, blood, liver, nerves, kidneys, Bright's Disease. \$500 will be paid for a case they will not cure or help.

That poor, bedridden, invalid wife, sister, mother or daughter, can be made the picture of health by a few bottles of Hop Bitters, costing but a trifle. Will you let them suffer?

Yours truly, C. T. Z. DURAND.

Dedication of Mt. Pleasant Church at Fordville.

A day made to order could not have been lovelier than the one chosen for this occasion, July 1, 1883. The dedicatory sermon was preached by Rev. J. S. Coleman, D. D., in the grove surrounding the neat little edifice. This grove, made by Nature's God, is composed of some of the grandest old trees we ever saw, and a fit temple to house the head in acknowledgment of His omnipotence. Inside the margin of the grove was room plenty for the large crowd to partake of the spiritual feast, then the physical. After Bro. Coleman had delivered one of his grand sermons and the church took the liberal donations, amounting to three hundred and forty five dollars, only lacking fifteen dollars more to liquidate the church debt, then the benediction was pronounced, after which the generous, good people of Fordville spread their banquet, and after that vast crowd had feasted to their heart's content, it reminded us of the miracle of the loaves and fishes.
